## Thank you for your interest in being an exhibitor at the 2017 CIPHI Ontario Branch Annual Educational Conference, October 1- 4 at the Pearson Convention Centre in Brampton, Ontario

Challenges faced by public health officials are complex and diverse, from emerging infectious diseases to disaster planning and response. These challenges demand dedicated professionals willing and able to challenge their inner superhero. They require the courage to recognize threats and opportunities, cope with heavy responsibilities and put the public health mission above all else. The 2017 CIPHI Annual Educational conference will focus on the theme of courage. Each day of the three day conference will highlight a different topic: the courage to lead, to connect and to innovate.

### Benefits of being an exhibitor:

- Showcase your brand, product or service to environmental health professionals and managers
- Raise your company profile among environmental public health professionals from across the province
- Network with delegates working in a variety of public health settings

### Who will attend the conference?

- Directors, managers and decision-makers from health protection organizations
- Public health professionals from health units, the province and the private sector working in a variety of fields such as food safety, tobacco enforcement and infection prevention
- Municipal, Regional, Provincial and Federal government representatives
- Partners in health protection, prevention and promotion
- Environmental health consultants

### The mission of the CIPHI is to advance the profession, science and the field of environmental public health through:

- education
- advocacy
- setting standards
